

“We care.”

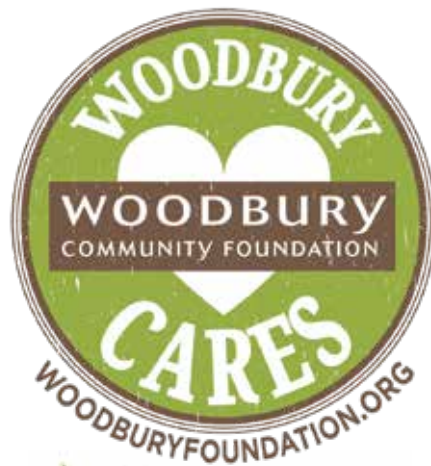

We are a family of professionals with 78 years of combined sales experience in Woodbury. We are proud to share Woodbury with our friends, family and clients as it's a city that continues to grow, change, meet and exceed its residents' needs. A city where young and old want to live, raise families, and be a permanent part of the community.

Fifteen years ago, Dixie was one of the founders of the Woodbury Community Foundation, then known as “Friends of Woodbury.” Over the years, our city has grown and so has Dixie's family. With three generations now on the family Real Estate Team, we are able to meet and exceed the growing demands of our community from first-time home buyers to those looking to transition into their forever homes. As proud and invested members of this community, we care. Dixie is still fully engaged in the Foundation and strives to see that Woodbury continues to be a great place to live, work, and play for generations to come.
