

“I care.”

I have lived in Woodbury since 2005 and had the opportunity to get involved in the local community in 2010 when we started Paul Davis Restoration.

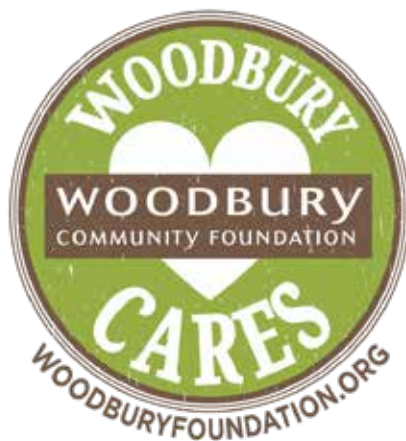

As a community service business, we provide services to repair and clean up damage to residential and commercial properties from storm, water, mold, fire or other disasters. We chose Woodbury to launch our business because of its citizen involvement in the community. That is also when we got involved with Woodbury Community Foundation as we shared the same values.

In 2011, we created our Restore America Fund which we partnered with the Woodbury Community Foundation. Each fall, Paul Davis Restoration sponsors a golf tournament to raise funds to help families in need. By making a contribution to the Restore America Fund, you too can help support families in need, year round, instead of only once a year! Make a difference in a family's life today by making a contribution to the Restore America Fund.”
