

Woodbury Cares: Our Community Initiative

The Woodbury Community Foundation was founded as the Friends of Woodbury in 2003, and ever since, the Foundation has worked hard to address the needs of those who live, work, and play in Woodbury. Now under new leadership, the Woodbury Community Foundation is looking to expand its programs, build a general endowment to fund a grants program, and to grow our Legacy Fund, designed to provide sustainable support for the Woodbury Community, now and into the future.

Help Make a Difference: Connecting People to Causes That Matter

We need donors like you to help those in need. By joining us in this important initiative, you help us address causes that matter in Woodbury. Please consider making a **tax-deductible donation** to the Woodbury Community Foundation **WOODBURY CARES** Fund.
